

Power supply CP-C.1 24/10.0

Product revision $\geq$ F

High-performance primary switch mode power supply

The CP-C.1 power supplies are ABB's high-performance and most advanced range. With excellent efficiency, high reliability and innovative functionality they are prepared for the most demanding industrial applications. These power supplies have a 50 % integrated power reserve and operate at an efficiency of up to 94 %. They are equipped with overheat protection and active power factor correction. Combined with a broad AC and DC input range and extensive worldwide approvals the CP-C.1 power supplies are the preferred choice for professional DC applications. Giving the power to control.

2CDC271 001 V0015

Characteristics

- Rated output voltage 24 V DC
- Power reserve design delivers up to 150 % at $T_a \leq 40\text{ }^{\circ}\text{C}$
- Output voltage adjustable via front-face rotary potentiometer "OUTPUT Adjust", 22.5-28.5 V
- Input voltage range 100-240 V AC, 90-300 V DC
- High efficiency
- Low power dissipation and low heating
- Free convection cooling (no forced cooling)
- Devices with coated PCBAs for harsh environments and with extended temperature range
- Open-circuit, overload and short-circuit stable
- Integrated input fuse
- DC OK - signaling output "13-14" (relay), power reserve signaling output "I > I_R" (transistor)
- Redundancy unit CP-A RU offering true redundancy, available as accessory

Approvals

UL 508, CSA-C22.2 NO. 107.1

ANSI/ISA-12.12, CAN/CSA C22.2 No. 213 (Class I, Div. 2, hazardous locations)

UL 60950-1, CAN/CSA C22.2 No.60950-1

EAC only uncoated version

ATEX only coated version

SEMI F47

Abbreviations

MCB - Miniature circuit breaker
AC - Alternating current
DC - Direct current
LED - Light emitting diode
L - Line
N - Neutral
PE - Protective earth
PLC - Programmable logic controller
DIN - Deutsche Industrie Norm
PELV - Protective extra low voltage
TN - Terre neutre (neutral grounded)
TT - Terre terre (grounded network)
IT - Isolé terre (isolated network)
VDE - Verein Deutscher Elektrotechniker
IP20 - international protection code
AWG - American wire gauge
IEC - International electrotechnical comission
UL - Underwriters laboratories
EN - Europäische Norm
SELV - Safety extra low voltage
EMC - Electromagnetic compatibility
SEMI - Semiconductor equipment materials international
FCC - Federal communication comission
CISPR - Comité international spécial des perturbations radioélectriques
CSA - Canadian standards association
