

Control Integrated POver System (CIPOS™)

IKCM20R60GD

Datasheet

Table of contents

Table of contents	2
CIPOS™ Control Integrated POver System	3
Features	3
Target Applications.....	3
Description	3
System Configuration	3
Pin Configuration.....	4
Internal Electrical Schematic.....	4
Pin Assignment	5
Pin Description	5
HIN(A, B) and LIN(A, B) (IGBT control pins, Pin 7 - 10)	5
VFO (Fault-output, Pin 12)	6
NTC (Thermistor, Pin 15)	6
ITRIP (Over current detection function, Pin 13).....	6
VDD, VSS (Low side control supply and reference, Pin 11, 14)	6
VB(A, B) and VS(A, B) (High side supplies, Pin 3 - 6)	6
NL (IGBT emitter, Pin 17)	6
NH (Diode anode, Pin 18).....	6
P (Positive bus input voltage, Pin 23).....	6
Absolute Maximum Ratings	7
Module Section	7
Inverter Section.....	7
Control Section	7
Recommended Operation Conditions	8
Static Parameters	9
Dynamic Parameters	10
Bootstrap Parameters	10
Thermistor	11
Mechanical Characteristics and Ratings	11
Circuit of a Typical Application	12
Switching Times Definition	12
Electrical characteristic	13
Package Outline.....	14
Revision history	15
