1) The surge suppressor is integrated as standard in the following contactors:
3TF50 and 3TF51, 3TK50 (DC economy circuit): fitted with diode,
3TF52 to 3TF56, 3TK52 to 3TK56 (DC economy circuit): fitted with varistor,
3TF57, 3TF68 and 3TF69 (AC operation): fitted with varistor.

2) Not for DC economy circuit (see footnote 1).

3) Includes the peak value of the ripple voltage on the DC side.

4) The connection piece for mounting the surge suppressor must be bent slightly.
